II. Summary

Greetings South West!

I expect that no one will be surprised when I say that I am absolutely shocked that a month has gone by so quickly. Nor do I expect that anyone will be caught off guard to read that this month has been a learning process for me. My excitement for this position and for the amazing projects, programs, and developments that will be happening in the region has only amplified as I settle in and learn the ropes. I am more proud than I can say to be part of this region and each and every one of you is the reason.

Thank you for your patience as I adjust to the duties and responsibilities of a regional coordinator. I am looking forward to working with everyone to better the region and the club for its members.

Regards!
 Kara Swenson

Question 1: DC has submitted regular prestige to regional staff (first Chris, then Harold, now Mindy), cannot find where these were awarded. Any clues?

Reply. Prestige for the DC office is contained within the regional coordinator report. Can you send me a private email clarifying the question, please?

Problems: I have several players who claim membership in LMDS that haven't followed proper transferring procedures. I think this is in part due to lack of response from their former direct coordinator chain. How do I go about fixing this problem as easily as possible?

Reply: Start an email conversation with the player, the former coordinator, myself at cam.swrc@gmail.com and Mandy Small, my new ARC: Admin at ASmall@tiaa-cref.org. If we continue to suffer lack of response, we will explore other options.

Problems: 1. After further review from our DST, Kim Anderson (US2002021347) she noted that our Domain Storyteller reports were not being received at the Regional level. Ms. Anderson had completed the reports on time and has been submitted but for some reason the reports were not being listed in the Regional Storyteller Reports. Ms. Anderson reviewed this issue with Kevin Millard (SWRST) and made the appropriate adjustments to insure proper reporting of our Domain Storyteller Reports. All Domain Storyteller Reports from May 2005 to January 2006 were resubmitted for tracking and review.

Reply: Fantastic!

2. After an emergency issue associated with the health of one of our key members of our Storytelling Team, the officers of the Domain and I decide to cancel our remaining Requiem Game and Forsaken Game for this month. Travel arrangements were made so our players could attend a local game in lieu of playing here in Modesto. Our team members is resting well and hopefully on his way to a full recovery.

Reply: Best wishes for a speedy recovery. Great attention to the needs of all of your members.

Problems: Months of not reporting making backtracking information difficult. Should have all back reports completed by the end of the month. Should be smoother sailing then going forward. Still need to get added to the SW-Reports list.

Reply: You should be added to the sw-reports list now. I have every faith that the reports will be completed and fantastic. Thanks for all your hard work!

Problems: Apathy is a problem. Not to mention those who complain about things and when asked for how to fix the problem, shrug and say 'I don't know.'

Reply: The Regional Staff has a lot of ideas coming down the line that are designed to help out with the apathy issues. Encourage your members to actively engage in something, even if it means sending me an email with suggestions.

Questions: Is shooting your DC via Laser Tag prestige-worthy? My domain is doing it for her birthday.

Reply: Check through the prestige rules on socials and other such ways to turn a fun outing like that into a prestige-worthy event. Happy Birthday!!

Comments: Some members have participated in SWRE and LA's Strategicon. However, because prestige reports have not been released from those events as of yet, this report does reflect any prestige awarded for those events. Once that information is obtain, then the following Chapter Report will reflect that.

Questions: The Chapter Coordinator has resumed the coordinator mantle after a number of years. Though his proficiency is not question in his position, he nonetheless wishes to know of there are any resources and/or policies that are currently available for coordinator use, whether regionally or universally.

Reply: The Membership Handbook is a wealth of resources for any coordinator. It can be found on the Cam White-Wolf website in PDF if you can't find your hard copy. Further, there are a lot of great prestige tracking/verification tools that can be found from that main site. The CRD is also a good way to keep your track of your members.

Comments: I'm trying to put this together quickly to meet a final deadline. I don't have all the information I need to put this report together so some of it is missing. I hope I will be able to correct or easily backdate information in the near future. In addition I find this report format to be missing important data, such as a list of the CC's in the domain, as well as a place to list awards for assistants. Assistants should be tracked at the chapter level, but their prestige awards, along with the Chapter Coordinators's awards, should be able to be listed in the Domain report.

Reply: All of that information is expected in a completed domain report. The member listing, the assistants for both the chapter and domain level, etc. A sample of the expected format can be supplied to you, as it is data expected on every report.

Problems: None

Suggestions: I found it very difficult to find the blank coordinators report form online and had to sift through old emails to find a link. Can this be placed on the regional website or something so that it is easier to find? Thanks.

Reply: Sure. I will get something to Nicko and have him put it on the website before the end of this month.

Questions: I still have money intended for the Katrina Hurricane Relief event and would like to see it donated to that charity, as well as awarding the membership who participated in our fundraising drives to get their national prestige. It was my fault, not theirs, that the money has been delayed in getting to the proper people. Is it possible to

backdate this and have the prestige awarded to my members? If so, please let me know and I will supply a list of participants with the amount of money each raised for Katrina Relief. Also, to whom do I send the money, or how do I go about donating it?

Reply: I will look into that charity drive as it was before my time and determine how best to get the donations to the Katrina Relief. Prestige can be awarded for those donations.
